

## Digital Photography Advanced Work / Extra Credit Assignments rev 12/11

### 1 point XC

- **shape collage** - create a shape collage that matches the theme of your photos.
- **photography technique article** - print it out and write a summary. Include what you will do (different) after reading the article.
- **family portrait** - read Costco magazine article first
- **use a tripod** for a long exposure, family portrait with you in it, low light photos (at night), fireworks

### 3 points XC

- **staged photo**: see samples on [gallery.me.com/keemac](http://gallery.me.com/keemac) (trick photography)
- **build a photo studio light-box**, *light-tent* or *photo tent* for yourself (I have instructions)
- **Editing w/ Layers** - find a tutorial and give it a try (*Splashup, Pixlr, Aviary Phoenix, Sumo Paint*). All free and online. **(HS ONLY)**

### 5 points XC

- make a light box or photo tent for class
- submit a photo to the [Josten's Photo Contest](#) (1st Semester only)

Change over time - one of your photo assignment might be (XC if not assigned):

**Change over time:** 3-5 final images demonstrating change over time of a single subject (ex. the blooming of a flower or tree over one week, the phases of the moon, the weather outside your bedroom window each Saturday morning)

Other photo study shots to work on:

trick photography (moon/cloud/shadow, perspective, covers...)

theme                      framing                      color                      angle                      action

- write a one page paper on a famous photographer (photographer must be approved by teacher, in advance) (5 pts possible)
- write a one page paper about you and photography (5 pts possible)
  - likes / dislikes / joys / frustrations OR
  - your interest in photography in your future
- write a 2-3 page paper about how God can use photography in your (or someone else's) life (7 pts possible)
